

TYLER BAO

Software Developer

Bolivia, North Carolina • +1 203-819-9631 • tyler.bao@yahoo.com

Summary

Detail-oriented Full-Stack Developer with hands-on experience designing, developing, and testing web applications. Skilled in C#, Python, and SQL, with expertise in frameworks such as Blazor, ASP.NET Core, and Angular. Experienced in Agile workflows, TDD, and CI/CD practices, with a strong focus on code quality, debugging, and collaboration in multi-developer environments. Passionate about building intuitive, high-performance applications and continuously learning new technologies.

Work Experience

Software Developer 2022 - Current

LL Global, Inc.

- Design, develop, and maintain internal applications.
- Collaborate with stakeholders to gather requirements, translate business needs into technical specifications, and iterate with users to refine interface/feature design.
- Build unit and integration tests to ensure software reliability, reduce bugs in production, and improve data integrity.
- Optimize database queries, streamline data models, and refactor inefficient code to reduce processing time, improve scalability, and minimize manual intervention.

Analyst - Client Consulting 2021 - 2022

TSYS

- Supported clients' testers by reviewing test cases, addressing specific inquiries, and triaging issues to ensure smooth and effective execution during the testing phase.
- Conducted implementation and integration tasks, including data conditioning, mock verification, business validation, and production certification activities as required.
- Developed and executed SQL queries and collaborated with the team to create automation scripts, significantly streamlining monthly and quarterly reporting tasks.
- Led an analysis project focused on consumer spending trends for a client webinar on the impact of Covid-19, delivering actionable insights.
- Provided comprehensive economic projections for holiday 2021 performance, incorporating factors such as Covid-19 impacts, Consumer Confidence Index (CCI), inflation rates, and Debt-to-GDP ratios.
- Actively contributed to Statement of Work deliverables related to training efforts, test execution support, and client-focused implementations.

Finance Co-Op - Forecast and Analysis 2020

Pratt and Whitney

- Compilation and analysis of data for daily, weekly, and monthly management reports.
- Conducted financial forecasting to support decision-making processes.
- Preparation of detailed financial analyses to identify trends and variances.
- Development and presentation of comprehensive financial reports for stakeholders.
- Engagement in cost reduction analysis to enhance operational efficiency.
- Supported accounting, planning, and forecasting activities to ensure accurate financial projections.

Education

Bachelor of Science 2020

Post University

Computer Information Systems - Software Development

Associate of Science 2017

New England College of Business

Business Administration - Banking and Finance

Programming Languages

- C#
- Python
- SQL
- C++
- VB.NET
- SOQL

Frameworks

- .NET Core
- Angular
- Blazor
- Entity Framework
- XUnit/NUnit/BUnit

Methodologies

- CI/CD
- OOP
- TDD
- Agile (Scrum)
- Pair/Mob Programming

Tools and Environments

- Visual Studio
- VSCode
- PyCharm
- SSMS
- SSIS
- Azure DevOps
- Git Version Control
- PostMan

Soft Skills

- Analytical Mindset with Attention to Detail
- Adaptable and Self-Driven
- Strong Problem-Solving & Critical Thinking
- Team-Oriented and Collaborative
- Skilled in Technical Communication & Knowledge Sharing

Hard Skills

- Requirements Analysis & Software Design
- Debugging & Troubleshooting
- Code Optimization & Refactoring
- Unit & Integration Testing
- API Development & Integration

Bookkeeper - Project Manager**2018 - 2019****Chippanée Country Club**

- Oversaw full-cycle bookkeeping for private country club operations, encompassing member billing, dues management, discounts application, vendor payments, and restaurant cost analysis.
- Prepared and maintained financial statements, reconciliations, and expense reports, ensuring accuracy and compliance with established accounting standards.
- Monitored costs, revenue streams, and profit margins across various business units to provide actionable insights supporting executive decision-making.
- Conducted a Cost-Benefit Analysis for a modernization initiative; successfully secured leadership approval for project execution.
- Managed the implementation of new Accounting and CRM systems to streamline workflows, enhance operational efficiency, and improve the member experience.
- Coordinated with department heads to align system improvements with organizational objectives, enabling smooth transitions while minimizing operational disruptions.
